

## Consultancy and troubleshooting

Our expertise can be utilized to your benefit without having B-Energy installing Solar or any other physical product.

It may happen that your installed system is not functioning properly. Or you may want a second opinion regarding the installation you have in mind. We are more than happy to give you and/or your installer advice on a most efficient and safe installation.

Please call us for a 30-minute consultation.

### RESIDENTIAL Projects

Afl. 100 per half hour

### COMMERCIAL

Afl. 150 per half hour
